Introduction

Welcome to the British Engines Group Cookie Policy. This policy applies to websites owned by companies contained within the British Engines Group. These are detailed in the Glossary to the British Engines Group Privacy Policy.

Our website uses cookies. A cookie is a small file of letters and numbers that can be stored on your browser or the hard drive of your computer. Cookies contain information that is transferred to your computer's hard drive. Not all cookies store personal information.

This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.
- **Analytical/performance cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

When you browse our websites for the first time you will be asked to provide consent for our websites to use cookies that collect personal data. If you do not consent we will not collect personal data via cookies. You can change your preferences at any time by visiting the settings on your browser.

Please note that other third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control.

You block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies

including essential cookies) you may not be able to access all or parts of our site.
